CARE will consult the Government concerning the proposed use of any amounts so appropriated

3 The Government, recognising the beneficial character of CARE's operations, authorizes CARE to contract for, or

/to

to employ, the services of an organisation posses. facilities in India for the handling and distribut--- of gift remittances addressed to recipients in India and the gifts of commodities contributed for them through CARE The selection of this organisation by CARE and any change in the selection which may be made by CARE from time to time will follow consultation with the Government, CARE, however, is authorised to undertake itself such handling and distribution if arrangements satisfactory to it cannot otherwise be made The term, "the distributing organization", as used in this agreement, will be understood to refer to the organisation selected b, CARE and approved by the Government of India or to CARE itself if CARE undertakes the handling and distribution

Subject - Exemption of parcels marked 'CARE' from payment of Toll and other taxes

Adverting to G O No 4928-5046/M1 90-51-2 dated 18th August 1951 on the above subject, I write to state that necessary instructions have been issued to the Toll and Toll Staff in the matter of exempting the articles referred to above

So far as is discernable from the Government Order in question the mere stamping of articles by the letters CARE would entitle them to receive exemption Such an arrangement is obviously open to exploitation by fraudulent stamping Hence, it may be please intimated whether there are any other distinguishing features like place of consignment, particular consignor or consignee, from which the genuiness of the stamping may be readily identified Also, if there is no objection, a copy of letter No D 3306/A M S dated 11th July 1951 from the Minister of External Affairs may kindly be sent for my information
